We only have a limited number of places due to the roundtable format. These will be allocated on a first come basis. Please register as soon as possible to avoid disappointment.

## **Discussion Overview**

Join other senior HR leaders and stakeholders to discuss navigating the ambiguity of now, and how we can emerge with positivity, optimism and new plans for the future.

Everyone is looking at how to keep their employees safe and balancing it with the constraints of the business; adjusting to a temporary normal that removes all the typical professional boundaries that structure our lives. We know this time of uncertainty will come to an end, but navigating the variables is challenging.

Questions we will address include:

- How can we plan when we aren't sure how long this will last?
- How can we predict what the new normal will look like?
- How can we plan when none of our historical experience will enable us for our new futures?
- What significant shifts will our businesses sustain – will the way our customers buy change?
- How will our employees want or need to work?

## Who Will Attend?

We are inviting senior leaders with a stakeholding in human resource management.

## Technical Support

Delegates will be offered a 5-minute technical check ahead of the session to ensure GoToMeeting is working on their computer or device.

## Directors Club® United Kingdom

Today's [Directors Club® United Kingdom](https://directorsclub.org.uk) has its origin as a supper club in London's Mayfair.

The Directors' Dining Club, as it was known, had its home at Claridge's Hotel and brought together business leaders of the day to discuss trends and disruptive forces for change.

In February 2010, Jon Snow (founder and chairman) re-constituted the dining club as the Directors Club® and so a business lifestyle and networking institution was born.

The Club motto **To endeavour. To achieve** captures the spirit of the organisation and the ambitions of its members.

Membership is by invitation or recommendation.
